

Application for Makers Market 2017

Wadambuk Makers Market criteria and information:

- All goods need to be handmade, crafted or designed by the stallholder
- All makers must have a local connection to Nillumbik e.g. live or work in Nillumbik
The stall fee is \$5 per month (with the intention it will increase to \$10 in 2018).
- A stall is a trestle sized table. Some makers may wish to combine to fill a stall
- Priority is given to makers that can commit to having a permanent stall each month
- All other stall vacancies will be allocated on a casual, month by month, basis
- Permanent stall holders are eligible for an indoor space and use of a centre table (where available) and their products are eligible for inclusion in the Makers Market marketing
- Casual stall holders will be allocated a space, indoors if available, or outside on verandah or car park and will need to provide their own table
- We will endeavour to maintain a broad range of diverse items, avoiding duplication of products where possible.
- Further selection of stall holders for the makers market will be based on the quality, uniqueness and creativity of the product
- All stallholders are responsible for their own stall including float and relevant permits. Wadambuk is a plastic bag free zone
- Any stallholders serving food or drink of any kind must fulfil all appropriate regulatory and statutory requirements. Refer to your local municipal office for details of the requirements to be met. No stallholder will be permitted to serve food or drink of any kind (even free samples etc) unless they supply a copy of their current Statement of Trade certificate from Streatrader.
A copy is required to be submitted to Wadambuk Makers Market within the week prior to the market. We reserve the right to turn away any food and drink provider if they have not met all requirements outlined by the Nillumbik Environmental Health team.
