Agreement with the Purposes of the St Andrews Film Society Incorporated

The Purposes of the Film Society are:

1. to provide to Members the experience of quality films (including films made for television) selected from all countries and genres;
2. to offer a program or programs of screenings which encourage and enable participation by all Members, be they adults or children and their families, and taking into account any barriers people may have in accessing mainstream cinema;
3. to provide this experience in a comfortable cinematic environment where screenings are positive social events for Members and their guests from the local communities;
4. to promote the study and appreciation of film as a medium of entertainment, information education by means of lectures, talks, exhibitions or publications;
5. where appropriate, to support the screening of works by local and/or emerging filmmakers.

I have read, understood, and support the above purposes and agree to comply with the rules of St Andrews Film Society Incorporated.
